1. The big American company General Motors has developed a vehicle that uses the power of the sun instead of petrol. The vehicle is called Sunraycer, which means "ray of the sun"+"racer". Sunraycer has just taken part in a race against 25 solar-powered vehicles. Sunraycer covered the

great distance in 45 hours at a speed of 41 miles an hour at temperatures as high as 48°C. It is certainly the car of the future.

2. Computers are a great technological invention of the 20th century. Their advantages are numerous yet much can be said against them. The main disadvantage of computers is that looking at a screen for long periods of time is bad for the eyes, and sitting on a chair for hours is not healthy. Also, people who use computers have a tendency to become anti-social and stay at home. The strongest argument against the use of computers is that the more jobs which are done by computers, the less are done by people.

3. Thirty years ago few people realized that computers were about to become part of our everyday lives. This short period of time has seen great changes in business, education and public administration. Jobs which took weeks to do in past, are now carried out in minutes. Schoolchildren have become as familiar with hardware and software as their parents were with pencils and exercise books and they do not worry about mistakes having a computer.

4. “Teddies” are an important part of British culture. Most people in Britain have a teddy bear when they are young, and most people are very fond of their special bear, even when they are 30 or 40 years old! Many famous people like film stars or pop stars or politicians collect “teddies”. These people have donated their old friends to the teddy bear museum which is in Stradford-on-Avon in England. Many tourists go to this place, because it is the birthplace of Shakespeare, but they often love the teddy bear museum more.

5. Computer games are a multimillion dollar industry, but people who really enjoy games are not satisfied with playing against the computer. They want to play against real people and most computer games allow you to do that just by joining up with other players on the Internet. Regular players say that this is where their true enjoyment of games can be found. With some games up to 60 people can take part. It's a good way to meet people and it gives you something to talk about.

Задание 2	<i>Прочитайте текст и определите, какие из приведенных утверждений соответствуют содержанию текста True (T), какие не соответствуют False (F) и о чем в тексте не сказано, то есть на основании текста нельзя дать ни положительного, ни отрицательного ответа Not Stated (NS). Christmas Tree Memories

My name is Ted. I grew up in the 50s, but my childhood memories are still alive. The most pleasant of them is the family Christmas tree. Besides my mum and dad, there were five children in the family. We all took part in decorating the Christmas tree, one way or another. It was a special time for me as dad took us for a trip to the winter forest.

The experience was special as only boys were allowed to go to the countryside to pick out the tree. At the age of five I felt proud to be in a man's adventure. I remember walking through the forest with dad looking for the perfect, large tree. We had a tall ceiling in the living room, so a small tree did not look right there.

At the age of five, even a small tree seemed great to me. To measure a tree I raised my hands above my head and looked up. If I could reach the top of the tree I thought it was big enough. Dad, however, always chose the perfect tree very carefully.

Once he had made his choice, he took out an axe to cut down the tree. I wanted to help my dad and brothers, but they always told me to stand back. When the cutting began, I tried to hold the tree up. I was afraid the tree would fall on them and I felt strong enough to hold it.

After the tree was down we took it to the car and went back home. I don't remember how we got that large tree through the door, but it was always right. Then dad got the tree to stand up and we could start the decorating. The tree, the boxes with decorations and a tall ladder took up the whole room.

All the family took part as mum gave everyone a task. I had to pass the decorations. What I liked best about the Christmas tree were the lights. When everybody else had left I stayed in the room and watched the lights travelling up and down the Christmas tree.

1. *There was a star on the top of the Christmas tree in Ted's house.*
2. *Ted's family lived in a small town.*
3. *Ted's father always chose a tall tree for Christmas.*
4. *Ted's mother preferred the Christmas decorations created by her children.*
5. *When Ted's father went to choose their Christmas tree, Ted stayed at home.*
